Unfinished Business

The third reading of the latest Faculty Senate Articles and Bylaws took place. John moved and Tod seconded acceptance of the Articles and Bylaws. The motion passed.

Discussion was held on evaluating the Gen Ed and Tech division chairs, and the Heads of the Nursing and Fire & Rescue programs. These evaluations will take place soon, hopefully in the next academic year.

New Business

Discussion on Behavioral Assessment Team was extensive. Items discussed included the need for an on-campus psychotherapist, the need for clear guidelines when working with a behaviorally challenging situation, training in de-escalation

techniques, and the lack of community mental health care. In addition, concerns around security in Helena College were expressed. Various ways of improving security were presented. Faculty Senate strongly recommends the Safety and Security Committee finalize guidelines for campus security.

Professional Development options were addressed. There are MUS online classes faculty can take at reduced costs. In addition, PD funds were requested in the Faculty Senate budget. Once the budget is finalized the amount for faculty PD will be available.

Having no further business, Karen moved and Wes seconded to adjourn the meeting. The motion passed. The meeting was adjourned at 10:00.
