

VALUES OF LEWIS & CLARK REPUBLICAN WOMEN

We believe the strength of our nation lies with the individual and that each person's **dignity, freedom, ability, and responsibility** must be honored.

We believe in **equal rights, equal justice and equal opportunity** for all, regardless of race, creed, sex, age or disability.

We believe free enterprise and encouraging individual initiative have brought this nation **opportunity, economic growth and prosperity.**

We believe the government must practice **fiscal responsibility** and allow individuals to keep more of the money they earn.

We believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that **the best government is that which governs least.**

We believe the most effective, responsive government is government **closest to the people.**

We believe Americans must retain the principles that have made us strong while **developing new and innovative ideas** to meet the challenges of changing times.
