ABOUT PLACEMENT TESTING

TAKING THE TEST

The cost of the complete test is \$30. (\$15 for English, \$15 for math)

In order to assist students in achieving their college goals, it is important to ensure all students have the foundational skills in writing, reading and mathematics to succeed in all of their college courses.

Helena College uses the ACCUPLACER exam (designed by the College Board) as a placement test to help accurately place students in the appropriate level for math, reading and writing courses. In combination with information about the student's academic background, goals, and interests, Academic Advisors are able to match the student's skill level with courses that will provide the best opportunity for success.

Students who have acceptable scores on the ACT or SAT will not be required to take the ACCUPLACER placement exam if taken within the past three years. If the scores are older than three years, the student will be required to take the ACCUPLACER exam. Students who transfer college level writing and math courses do not have to take the placement test in those areas.

Please call the Student Support Center at 406-447-6939 if you have any questions about the ACCUPLACER exam or to schedule a testing appointment.

4 REVIEW

Review all add/drop, payment dates, and financial aid information so you do not get dropped from classes.

FREQUENTLY ASKED QUESTIONS ABOUT REGISTRATION

If I'm on a waitlist, how will I be notified when a seat becomes available and I'm the next person?

When an opening becomes available, you'll be notified via your Helena College email. You have 72 hours from the time of notification to register for the course via MyHC. If you receive notification of an opening after the first day of classes, you'll only have 24 to 36 hours to register for the class. If you've decided you don't want to register for the course, please drop yourself from the waitlist through MyHC to allow the next person to receive a timely notification.

Why can't I register at this time? First, check the registration grid on page 6 and make sure you have the correct number of earned credits and last name to be registering. Keep in mind your earned credit total does not include current credits. If you are able to register according to the grid, it is possible registration pages are not available during that time. MyHC registration pages are not available between midnight and 1:00 AM.

How can I determine what hold is stopping me from registering? If you have a hold on your account preventing you from registering, a page will pop up indicating this is the case. At the bottom of the page, click on "View Holds" button. This will take you to a screen where you can review your holds and the office to contact.

I meet the pre-requisite for my science class, but why am I still getting a registration error? This class likely has a lab that is required with the class. If two classes are required to be taken together, you must put both course reference numbers (CRN) into the registration page at the same time and then hit submit.

Please contact the Registrar's Office at 406-447-6909 for additional registration questions.

ABOUT ADDING, DROPPING & WITHDRAWAL

ADDING OR DROPPING CLASSES

Students registered for the fall or spring semesters may add classes during the first 10 days of the semester. Students may drop classes without record during the first 15 days of the semester.

Adding classes

The add process can be done online during the first five days of the semester. After the 5th day of the semester, an add/drop form, signed by the instructor, must be completed and returned to the cashier's office with a \$10 processing fee. Classes will not be added after the 10th day of the semester unless approved by the division chair.

Dropping classes

The drop process can be done online during the first 15 days of the semester. A 100% refund will be given during the first 15 days. After the 15th day of the semester, you must complete an add/drop form and return it to the cashier's office with a \$10 processing fee. If you drop a class after the first 15 days and prior to three weeks before the end of the course, a "W" (withdraw grade) will be given and appear on your official transcript.

You cannot drop a class during the last three weeks of the semester unless approved by the student affairs dean. **Add/drops are not used to withdraw completely from the college.** Review the Summer Calendar for summer drop/add deadlines.

BEFORE YOU DROP A CLASS

How will dropping a class affect my financial aid?

Some examples of what dropping a class can do:

- Dropping a class can affect your Satisfactory Academic Progress (SAP), which requires you to complete a certain percent of your classes to stay in good standing.
- If you are a loan borrower and dropping a class puts you below half-time enrollment, it might affect your loan disbursement, as well as previously disbursed loans.
- If you withdraw from all of your classes before 60% of the semester has passed, you could owe money back to the college and the Department of Education, depending on when the drop took place.
- You should review the Satisfactory Academic Progress Calculator on the Financial Aid webpage online before dropping a class.

Contact the Financial Aid Office prior to withdrawing or dropping a class to determine the effect it may have on you.

COMPLETE WITHDRAWALS

Students wishing to withdraw or cancel ALL of their classes must complete the necessary process through the Student Support Center.

YOU WILL NOT BE ABLE TO WITHDRAW FROM ALL CLASSES ONLINE.

Refunds for complete withdrawals are based on the number of days classes have been in session. Cancellations completed before the start of the semester will receive a 100% refund of tuition and some fees; however, the \$30 registration fee will not be refunded.

Students who would like to completely withdraw will need to visit the Student Support Center or call 406-447-6939. An advisor will assist you with the withdrawal process.

TRANSIT - FINANCIAL WELLNESS

Transit - Financial Wellness is a short online program designed to give you the skills required to better understand and manage your finances while in college and beyond. Transit will empower you to make well-informed decisions about your financial responsibilities before you make the types of decisions that could have consequences for years to come.

All incoming students are encouraged to complete the online course. For additional details and login instructions, visit www.helenacollege.edu.

ALCOHOLEDU AND HAVEN

Helena College cares about students' health and safety. We have implemented two online courses as a **requirement for all new students.**

Through education, **AlcoholEdu** reduces high-risk drinking and alcohol-related harms among college students. The program is composed of surveys, knowledge tests, and alcohol-related information.

Haven uses a population-level approach to educate all students on the issues associated with sexual assault and relationship violence, taking into account their unique perspectives and experiences.

Both programs are completed entirely online and have specific due dates. Students must earn a grade of 75% or higher to pass each course. Helena College is required to restrict students who fail to complete either course on time or with a passing grade from registering for any future classes.
