Writing tutors can help with all stages of the writing process: brainstorming ideas, creating an outline, helping with organization, analysis, thesis statements, and citations. They can assist with all types of writing: class assignments, scholarship essays, job materials, etc. Writing tutors are much more than proofreaders – they want to help you learn strategies to improve as a writer. Located in the Student Support Center.

For a guaranteed appointment, schedule through [Starfish](#). Walk-ins are welcome as long as a tutor is available.

If a writing tutor isn't available when you need help, you can submit documents through [Smarthinking](#) 24/7 and receive feedback within 24 hrs.
