

We are in need of a **Reader & Recorder** for a disabled test-taker's Landscape Architecture Licensing Exam in Helena, MT. This is a 2-DAY assignment & pays **\$18/hr** for the entire duration, even if they finish their exam early. Complete training is provided over the phone.

The test-taker has been approved by the Board for a Reader & Recorder due to their disability. This is where a person both reads the exam content (questions/answer options) aloud verbatim to the test-taker, and inputs the test-taker's answers onto the computer for them.
