Practical Nursing (C.A.S) CERTIFICATE OF APPLIED SCIENCE

Updated for SPRING 2024 Start

Application DUE DATE Dec 1, 2023

Applications are subject to change year to year. It is the student’s responsibility to obtain the most current information/application packet prior to applying to the PN CAS program

Revised 5/2023
The practical nurse (PN) uses specialized knowledge and skills that meet the health care needs of people in a variety of settings under the direction of qualified health professionals. The curriculum focuses on preparation for employment. Students learn practical nursing skills through independent study, lectures, simulation demonstrations, and practice in the skills lab. Under instructor supervision, students also provide patient care in a variety of health care settings. The program is approved by the Montana State Board of Nursing.

EDUCATIONAL PROGRAM

The PN program admits 16 students (eight in Helena and eight in Hamilton-Bitterroot College) every year. Applications are accepted each fall. PN students start classes in the spring, with completion of the CAS at the end of the fall semester.

All coursework is competency based and is designed to prepare graduates with knowledge, skills, and attitudes to successfully enter the workforce after graduation.

This is a limited enrollment program. Student cohort size is limited by the availability of lab and clinical space. Because of this, the application process is competitive and program applicants are accepted based on criteria found in this packet. Should the number of qualified applicants exceed the available spaces, not all qualified applicants will be accepted.

In the PN program, all didactic courses are taught in a Virtual-Blended format (VB) by Helena College Nursing Faculty. Exams and standardized tests, skills labs and clinical experiences will occur face-to-face in the student’s home community (Helena-Helena College or Hamilton-Bitterroot College).

Practical Nurse CAS Virtual Blended remote program

In this VB remote delivery method, most of the didactic course instruction will be done in a virtual synchronous mode (occurs at the same time) via the internet platform TEAMS. There will be some online asynchronous assignments and course work, which the student can complete on their schedule.

The face-to-face component of the course, when students MUST be on campus (Helena or Bitterroot College), is used for specific testing and skills labs.

Students commit to a full week of Class or clinical work each week. This program, while very exciting, is extremely fast-paced and challenging. There are many reading assignments, quizzes, and written assignments each week. These must be completed outside of class time. Students need to make sure they can dedicate enough time to be successful. A good rule of thumb is that for every class hour, at least 3 hours in preparation or in the completion of assignments will be needed. Furthermore, learning in an online environment requires the student to be self-motivated, resilient, and quickly adaptable to learning new technology.

PROGRAM EXPENSES

The PN students will be required to purchase textbooks, software resources, personal equipment, supplies, and uniforms, pay fees, and pay for transportation to clinical sites. Students will need a reliable computer with a camera and microphone, and access to reliable high-speed internet. Accepted students must complete a background check prior to the start of the program. Background
checks are done at the student’s expense, through Castlebranch (information will be sent upon acceptance). The cost of the background check is $67.00. If needed, students should begin planning early for financial aid to meet their educational needs.

**ADMISSION TO HELENA COLLEGE UNIVERSITY OF MONTANA**

Students must be admitted to the college prior to submission of the nursing program application and be in good academic standing with the institution. Therefore, no applications will be reviewed unless the applicant applies first to the college and the official transcripts are reviewed by the Registrar.

Acceptance to Helena College requires a completed admissions application file. An application to the college may be obtained by visiting the campus, calling the college (406) 447-6900, or applying online at [https://helenacollege.edu/admissions_enrollment/default.aspx](https://helenacollege.edu/admissions_enrollment/default.aspx)

All transfer work has to be from a regionally accredited institution and official transcripts are required to be on file with Helena College’s Registrar Office.

**ELIGIBILITY FOR ADMISSION INTO THE PRACTICAL NURSE-CAS PROGRAM**

All eligibility forms and documents are enclosed in the application packet.

Admission to the Helena College PN CAS program is competitive. Meeting eligibility requirements does not guarantee admission.

To be eligible to apply for admission into the Practical Nurse CAS Program, applicants must have the following:

- Evidence of admission to Helena College, a completed admissions file, and be in good academic standing.
- Completed all prerequisite coursework with a “C” grade or higher, and a minimum overall prerequisite GPA of 2.50. Prerequisite coursework can be taken at other institutions, but it is the applicant’s responsibility to confirm those courses are equivalent to the program’s prerequisites and are transferable to Helena College.
  - Regarding Transferable Courses – send official transcripts to the Registrar’s Office. **Attach unofficial copies to this application.**
- Only students in good academic standing will be eligible for program acceptance.
- Taken the TEAS and received a 65 or higher. (Sign up and pay at the cashier’s office)
- Total calculated points 45 or higher (see application scoring)
- All requirements are stated on the application.

The PN applications are **DUE by 5:00 pm Dec. 1, 2023.** Completed program application packets may be hand delivered to the Nursing Department in Helena College, mailed directly to the college, or submitted online.

Late applications will not be accepted.
Please send all application items as a completed packet. Items sent separately and at random are easily lost or misfiled. Incomplete applications may result in disqualification. We are not responsible for any late, lost, or missing information.

</tr>
</tbody>
</table>

It is the applicant’s responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.

Helena College PN CAS Program does not maintain a waiting list. Applicants must reapply each fall.

**NOTIFICATION OF ACCEPTANCE**

Students will be notified of acceptance into the program via the email listed on the application. Accepted students must notify the nursing department of their intent to accept their admission, by the date indicated on the acceptance notification letter. All future correspondence will be sent to the students’ Helena College email address.

Accepted students should plan on attending the mandatory nursing orientation, and students new to Helena College will be required to register for and attend the school’s orientation as well.

**NURSING PROGRAM POLICY: STUDENT BACKGROUND CHECKS AND COMPLIANCE TRACKING**

Accepted students will be required to provide proof of CPR certification (Basic Life Support for Healthcare providers with AED), current immunizations, a negative two-step tuberculin test (at least 1-week apart), and background check before the beginning of the semester. Flu shots are required every fall, and Covid-19 vaccine is highly recommended. Helena College Nursing follows the vaccination policies and requirements of our clinical partners, and some facilities are requiring full Covid-19 vaccination for students doing clinicals.

Helena College Nursing is not able to guarantee clinical placements for students who are not compliant with clinical agency requirements. If a clinical agency requires vaccination for its employees, as a student learner, you will not be allowed in the facility for clinical learning unless you comply with facility guidelines. If you cannot complete clinicals, you will not be able to meet the course learning objectives and, hence, cannot successfully pass the course. We are committed to your education and hope that student's clinical compliance issues can be resolved at a future date. We will make every effort to facilitate your successful re-entry into the Helena college nursing program to complete your degree. However, because of space limitations, we cannot guarantee placement nor re-entry at a particular time.
To promote patient safety and decrease institutional liability, most clinical agencies require students to have cleared a background check before they will permit the students in the clinical setting. To meet these requirements, the program requires that the background check be done prior to starting the program.

- Background checks and immunization compliance tracking are done at the student’s expense through Castlebranch. Students with background checks that reveal a finding will be evaluated individually to determine whether they will be eligible for clinical placement and state licensure for their respective degree program.
- Students are required to go to castlebranch.com to create an account for background check. More information will be sent after acceptance into the program. Do not do this before being accepted into the program.

Equal Opportunity Policy

Helena College University of Montana is committed to the provision of equal opportunity for education, employment, and participation in all college programs and activities without regard to race, color, religion, national origin, creed, service in the uniformed services (as defined in state and federal law), veteran status, gender, age, political ideas, marital or family status, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation.
PRACTICAL NURSING CURRICULUM

Prerequisite Coursework
The following courses must be completed prior to admission into the Practical Nursing Program. All prerequisite work must be completed with a minimum grade of C (not a C-) in each course and a minimum cumulative GPA in prerequisite coursework of 2.50. Grades in prerequisite courses are a major factor in ranking applications for program acceptance. Applicants may retake two courses (one retake each) for a higher grade. Maximum of 2 prerequisite retakes allowed. The most recent verifiable grade will be used for scoring. (We use the retake grade...even if it is lower)

Students may substitute M121-College Algebra for M120-Math for Allied Health and both BIOH 201 A&P I /BIOH 211 A&P II for BIOH 104.

PN Program Coursework after Formal Acceptance
Once enrolled in the Practical Nursing program, a minimum of a C (Not C-) in all courses is required to continue in the program. Students must achieve a grade of 78% or higher in all courses (didactic and clinical) to successfully pass and progress to the next semester.

The courses for the program are required and must be completed in the following sequence:

<table>

PRACTICAL NURSING-CAS APPLICATION

APPLICANT INFORMATION

Full Name: ________________________________

Last ____________________________ First ____________________________ M.I. __________

Address: ________________________________

Mailing Address ____________________________ Apartment/Unit # __________

City ____________________________ State __________ ZIP Code ____________________________

Cell Phone: (_________ ) ____________________________ Home Phone: (_________ )

Helena Student ID: ____________________________ Email: ____________________________

Have you ever attended an LPN or RN program? ☐ Yes ☐ No If yes, where ____________________________

Reason for leaving? ____________________________

Have you retaken any of the prerequisites? ☐ Yes ☐ No

If yes, which ones and when? ____________________________

• Max of 2 prerequisite retakes allowed.
• For applicants who have retaken a prerequisite course, the most recent verifiable grade will be used for scoring/GPA calculations.

Application Requirements

The items listed below are required and must be submitted with your application for you to be considered for program entry.

• Initial Admission to Helena College – letter of acceptance, or student number on unofficial transcripts
• All transfer courses officially evaluated and accepted prior to application deadline
• Completion of pre-requisite coursework with proof of grades (include an unofficial copy of transcripts)
• Copy of TEAS Test results
• Physical Form I and II completed within last 3 months
• Immunization Records: Childhood immunizations (Polio, DPT, MMR); Hep A; Hep B (series of 3); current Flu shot (seasonal), recent negative TB skin test, negative QuantiFERON TB gold, or negative chest x-ray indicating no active disease, Varicella vaccination or titer.
• Flu is required to be completed each fall. COVID19 is strongly recommended.

APPLICATION DEADLINES

Applications for admission to Spring 2024 are Due by 5:00 pm on December 1, 2023.

Turn completed applications in to Nursing Office or mail to Attention: Nursing Department, 1115 North Roberts Street, Helena, MT 59601. Questions? Call 406-447-6985. Applications are also accepted by email at: nursingapplications@helenacollege.edu.
APPLICATION CRITERIA WORKSHEET

Please fill in the chart below to the best of your knowledge and submit proof of grades with application. If you are currently taking a required pre-requisite course and will not receive a grade in that course before the application deadline, please indicate “current” status in the chart below. As soon as your final grade becomes available, submit proof of final grade to Nursing Department to be attached with your application.

Points and GPAs will be calculated by the Program Director and grade points will be calculated using the current catalog criteria which includes +/- weighing. Multiply grade by Credits = calculations. Divide by 13 = GPA

\[
(A) = 4 \quad (A-) = 3.7 \quad (B+) = 3.3 \quad (B) = 3 \quad (B-) = 2.7 \quad (C+) = 2.3 \quad (C) = 2
\]

**APPLICATION POINTS**

**Selection into this nursing program is competitive.** To assure you receive credit for all of your points we strongly recommend that you have ALL documentation to the nursing department by the application deadline. Use this rubric to identify points earned for each category and enter those numbers in the worksheet above. The **minimum number of points eligible to apply is 45.** The reason for this is to help ensure student success in both didactic testing and the NCLEX-PN exam required for licensure. Meeting the minimum requirements does not guarantee admission to the Nursing program.

STATEMENT of FUNCTIONAL ABILITIES

HC Nursing Department requires each student to be able to regularly perform the following activities:
1. Stand for long periods of time
2. Work at a fast pace for long periods of time
3. Lift heavy objects (25 pounds or more) three or more times a day
4. Speak clearly and distinctly
5. Respond appropriately to stressful situations (physically, emotionally and mentally)
6. Communicate effectively with patients, patients’ families, physicians and staff
7. Hear vital signs with stethoscope to assess blood pressure, heart rate, and lung, vascular and abdominal sounds; hear the telephone
8. Hear the patient calling for help
9. Hear beepers, alarms, etc., requiring quick responses
10. Read very fine or small print on medication containers, read physician’s orders
11. See nurse call/emergency light
12. Visually assess the patient appropriately
13. Read monitors and other equipment
14. Demonstrate manual dexterity to don sterile gloves and gown
15. Demonstrate manual dexterity to prepare medications aseptically (i.e.: IV, PO, and IM)
16. Demonstrate manual dexterity using sterile technique (i.e.: insert catheters, IV needles, etc.)
17. Demonstrate the ability to utilize equipment needed to carryout patient care
18. Demonstrate the ability to move in small spaces in emergency situation

If you are unable to perform any of these activities, please circle the number of the ones which you cannot perform.

Your signature below indicates that you have read and understand the “Functional Abilities” requirements and can perform them unless otherwise indicated.
