**Career Info:** Sociologists are employed by research institutes, the criminal justice system, public health and welfare organizations, private businesses, law firms, international agencies, medical centers, educational institutions, advertising firms, survey and polling organizations, and beyond. Students with a bachelor's degree in sociology often secure employment as social researchers, case workers, paralegals, public relations workers, administrators, community organizers, public policy researchers, and data analysts. Sociology also provides great preparation for going on to law school, medical school, business school, and for graduate degree programs in social work, education, public policy, religious ministry, mass communications, public health, non-profit administration, and international affairs.
