Mastermind Discussion Agenda

October 27, 2021 minutes approved.

CARES/CRRSAE update. See chart.
- Only two projects are completed. All funds must be spent by May 12, 2022.
- 200K is left unallocated. The unallocated funds will cover bad debt, loss from debt, and COVID related losses which puts funds back into HC’s general fund. There may be enough funds to cover spring bad debt also.

Facilities Update (JR)
- APC Automatic Gate
  - Funding provided by RMTD up to 16K. The gate will be installed in March.
- APC Parking Area Repair
  - The funding was not approved by ARPA. Facilities is waiting for LRBP approval which includes lighting for the parking area.
- East Parking Lot Donaldson
  - Facilities is requesting funding from RMTD in May 2022 and other parking funds are available. The cost is between 75-100K. The exit gate will be a trolley gate which is less expensive. The estimates includes bollards to stop drive-overs.

RMTD Meeting
- There is a potential for more savings.
  - If 5% of the campus participates in an auto safe program, RMTD passes on a savings.
  - If 50% of the campus participates in a cyber-class (50%), RMTD passes on a savings.
  - In the past, it was difficult to access the cyber class. Tricia is looking into offering the course through Vector.
ARPA Request (Cosmetology Remodel and Nursing Simulation Lab)

- The HC proposal is one of eight up for consideration.
  - HC may have to partner with external businesses to finance some of the project.
  - Cosmetology Partnerships: Cost Cutters and a HC Foundation fundraiser.
  - Nursing partnerships: Benefis and St. Peters.
  - Other ideas: The Chamber of Commerce and Helena WINS, Job Service, CTI, and the City of Helena have ARPA funds and may be able to match.

<td>6 Electronic Access Campus Wide</td>
<td>Fine tuning the infrastructure needs are relative to the attendance readers and the commensurate subscription fees. Will then begin the RFP/purchasing process. The goal is to begin installing at the end of Spring Semester. Purchasing and materials have been ordered. Cost of project is $270K. Invoice needed for half of the materials. Doesn’t include labor. When materials are delivered, the balance can be paid. See about labor when materials delivered.</td>
<td>(RK) Smart board expansion. Waiting on TEST providing a bid. Install was included in the bid. Cari felt TEST did not provide good support, but they replaced any boards with problems. HC needs to stay with the same technology. 200K allocated to do as many classrooms as the money will cover. Depends on quote. Seven is the goal. Includes one at APC. Nine completed. Cannot be completed by May 12th. Possible to request an extension. Need a quote first.</td>
