Mastermind Discussion:

Regroup Platform Update:

- Jason Grimmis gave an update that with the help of IT, we have adjusted our Regroup platform to include cell numbers with opt-out as default setting. This is best practice and mirrors what most of the other MUS'S campuses are doing.

CCC Meeting Etiquette

- We had a brief discussion of meeting etiquette with an ask of people to think about it before next month and we would formalize something to share with campus.
- So far, our expectations/ideas:
 1. When in a meeting, whether online or in person, be present and pay attention.
 2. If you aren't going to be in a meeting, let the chair know ahead of time
 3. We need to think parking as a consideration for the next few year (if we move toward more face to face)
 4. Must consider bandwidth constraints if we require cameras on.

Shared PD by Cari Schwen

- Excel tricks for UMDW navigation.
