# Creating Video Assignments using ScreenPal in Moodle

1. Sign into your ScreenPal account and select "Add" on the "Channels" tab.

2. This is the channel your students will submit their video assignments to.

Type the title and the description of the video assignment.

Choose the settings that you would like for the channel.

See next page for an example.

Don't forget to press "Save" at the end.

NEW CHANNEL

Title

Student Introduction Videos

Description

Please record and post your video here in this channel.
