

## How to Download and Use Safe Exam Browser for Taking Quizzes in Moodle

**Safe Exam Browser** is a customized web browser. The application must be **downloaded and installed** on the device that the student uses to attempt the quiz.

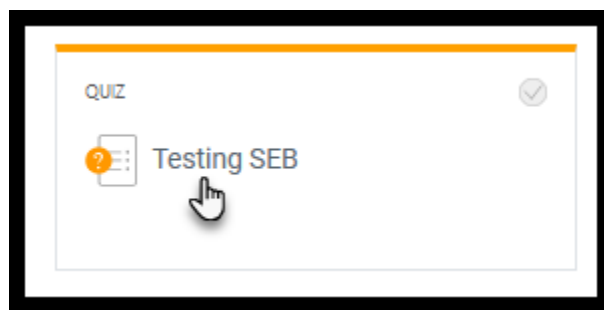

- Current SEB Versions for Windows, macOS and iOS:  
[https://safeexambrowser.org/download\\_en.html](https://safeexambrowser.org/download_en.html)

Students will only be able to attempt the quiz if they are using **Safe Exam Browser**.

- The browser window won't have a URL or search field and back/forward navigation and reload can be disabled.
- Safe Exam Browser cannot be closed until the test is submitted.
- Switching to other applications is disabled by default, but it's possible to allow to use specific third party applications during an exam at the discretion of the instructor.
- Shortcut keys such as Win+Tab, Alt+Tab, Ctrl+Alt+Del, Alt+F4, Print Screen, Cmd+Tab are disabled or cannot be used to close Safe Exam Browser or to switch to other user accounts on the computer. The possibility of taking screen shots is disabled.
- The clipboard is cleared when starting and quitting Safe Exam Browser.
- The browser context menu is disabled.
- Specific web sites/pages/resources can be accessible during an exam at the discretion of the instructor.
- Spell checking and dictionary lookup is disabled, but can optionally be allowed.
