Once you have submitted all of the above information, Valerie Curtin will be able to certify your credits with VA. The VA will begin processing your benefits and preparing to distribute funds to you and/or the college. Please note, the VA can take up to 8 weeks to process and remit payment. (Payments from the VA are retroactive.)

Note: there is a new law that requires a dual certification of your credits and tuition/fees. The first submission is with the number of credits and the second is after the 15th instructional day (not calendar days) of the semester to update any credits and then add the tuition and fee amounts. You might receive a notification that reads something similar to the following:

- *Helena College reported that you were not charged tuition and fees for the certified enrollment period beginning January 17, 2023 and ending May 5, 2023; therefore, VA did not pay towards your tuition and fees.*

Please DO NOT be alarmed. This is due to the new law that requires the dual certification.

Finalize your billing statement with the Business Office prior to each semester. Candice Miller, Student Accounts, will be able to assist you with finalizing your billing statement with VA benefits if necessary.
